Address: Thakur Shyamnrayan High School Bldg, 3rd Floor, Opp Dream Park, Thakur Village, Kandivali (East), Mumbai — 400 101.

From The Desk of Trustee

Shree Rakesh V. Singhji

In the academic year 2021-22, Thakur Shyamnarayan College of Education & Research (TSCER) has completed 14 glorious years of creating extraordinary teachers, who are passionate and highly skilled. This journey has been vastly gratifying and fruitful for all of us at TSCER. As an institution, which strives to encourage and build a world of education where all the partakers are proactive towards their duties and conscious of their role in helping build the future of our nation, we feel proud to be successful in giving such teachers to the world.

TSCER aspires to create well-rounded individuals who are passionate about teaching, are always seeking growth in all areas of development, and are active in fulfilling their role in the society. For the success of these endeavors, we provide best infrastructure and opportunities and resources to our student-teachers.

The noble profession of teaching requires enormous efforts from the teacher educators and student-teachers to bring out the best of capabilities in them. It is these efforts which eventually help them to become brilliant teachers who not only know how to teach well but also know how to bring out the best in their students. As Nelson Mandela said,

"Education is the most powerful weapon you can use to change the world"

We are striving to change the world one student-teacher at a time, as what a teacher is, is more important than what she teaches.

- Shri Rakesh Singh

From The Desk of Principal

Dr. Megha D. Gokhe

For any institution, it takes the immense support of an eminent and remarkable Trustees and management, to make it distinguished. Thakur Shyamnarayan College of Education & Research (TSCER) has been highly fortunate in being blessed with uninterrupted support and guidance from our august Trustees. TSCER is always grateful for the encouragement and contribution of our trustees resulting in the splendid success of our esteemed institution.

The management and staff of TSCER strive to work hard with the support of the trustees in pursuit of our vision and purpose. Our student-teachers are similarly encouraged to tread towards the goal of perfection and precision.

It's been 14 glorious years, full of hard work, persuasion, diligent efforts, and persistent steps being taken for the fulfilment of our mission:

"To provide outstanding educators and researchers, through the art of teaching, learning, and research"

Our vision is to create a world full of teachers who are capable of teaching globally. The student-teachers are trained well to make them well equipped with skills to be able to teach in any board, be it national or international. We strive to craft our student-teachers in such a way that they are able to overcome any obstacle and easily swim their way through the sea of hurdles to reach their goals. We train them in discovering their hidden talents and skills, and in enhancing all the aspects of their personalities.

Individuals enter our institution with hopes and aspirations to become wonderful teachers. TSCER builds them such that, when they leave the institution after completion of the course, they know that they are fantastic teachers and move ahead with confidence to change the world.

Empathy, knowledge and skills go hand-in-hand for a teacher. TSCER organizes innumerable opportunities through seminars and, workshops, and competitions to help them in their 'search for the self'. Our college has also enrolled with the Department of Lifelong Learning and Extension (DLLE), where our student-teachers participate in the extension activities.

The pandemic caused by the coronavirus hasn't been able to stop us from reaching our aim in providing various opportunities to our student-teachers. We have explored all possible ways of reaching out to them through various online portals. We encourage them every day, with passion and efforts of our own, to help them realize the value of never giving up! We are geared up to Welcome the new academic year 2022-23 with the same feelings and mission in our hearts.

The newfound world of online teaching has made us realize that the world of teaching-learning is going to change in the post-covid era. Although, we are heartily waiting for such a time, but our present focus has further moved towards the addition of enhancing ICT skills of our student-teachers. We have arranged many workshops, where our student-teachers have got to learn various online tools for teaching and assessment. These workshops have been highly beneficial and impactful for our student-teachers.

As Albert Einstein said,

"It is the supreme art of the teacher to create joy in creative expression and knowledge."

Let us create a world where teachers create the conditions for invention; where what a teacher is, is more important than what a teacher teaches. Believing in the words of honorable former Vice President of India, Shri Sarvepalli Radhakrishnan, we go persistently towards our goals:

"The end-product of education should be a free, creative human, who can battle against historical circumstances and adversities of nature."

- Dr. Megha D. Gokhe

About Trust

Thakur Educational Trust's (Regd.)

Registration No. – E- 12737 (BOM)
Thakur Educational Trust was established in the year 1990 with a broad objective of lending a helping hand towards the welfare of society. With this high objective, the trust has provided facilities, catering to the various needs of society, such as education at all levels irrespective of sex, creed and religion. It is providing financial aid to poor and needy students.

About Institute

History of the Institution

Since it's founding in 2007-08, Thakur Shyamnarayan college of Education and research has been a distinguished leader in teacher education.
As I reflect upon the past year, I am very proud of the accomplishments we have achieved during the just concluded year. The college excelled in all fields including the academics, sports, cultural activities and co-curricular activities. A host of activities were conducted at the college to impart quality exposure and conducive growth to the students.

Thakur Shyamnarayan College of Education and Research as an account of the college's operations and achievements throughout the year.It provides a detailed account of the progress the college has made to provide high quality educational opportunities for all students, as set out in the college plan. Student- teachers will become educational leaders who are caring teachers, competent educators and collaborative professional leaders. These guiding principles and beliefs reflect the ideals Thakur Shyamnarayan College of Education and Research hold for themselves, their candidates, and the students and communities with whom they will work.

To strengthen our resolve for the betterment of the society and to carry the torch of knowledge forward.

Vision

"Thakur Shyamnarayan College of Education and Research will be a leader in the integration of teaching, learning and research."
"Our college shall prepare professionals to be world leaders who provide leadership and exemplary educational services to improve the lives of the individual in an ever changing and complex global society."

Mission

"To provide outstanding educators and researchers through the art of teaching, learning and research".
