MESSAGE FROM INCHARGE TRUSTEE

Shri Rakesh Singh

Thakur Shyamnarayan College of Education and Research (TSCER) has completed 8 glorious years and academic year 2016-17 was the 9th year of preparing dynamic teachers capable of facing the challenges in the era of Globalisation. At TSCER, we are constantly endeavouring to shape the budding talents and enhance their potential in various aspects of human personality so that they value the norms of society and contribute immensely to the life of the global community.

We seek to establish a life-long association with our students. To this end, we provide the best infrastructure, adopt learner-centred policies and programmes and invite all stake-holders to participate in the adventure of teaching-learning—in fact all pedagogic processes from curriculum –design to methods of evaluation.

This year also brought along an important landmark of completion of First Two year B.Ed. academic batch 2015-17. These two year preparations have nurtured the student teachers to realize their potential and grow to be outstanding teachers to contribute positively to education fraternity.

I congratulate everyone who seeks to be a part of this noble profession and encourage everyone at TSCER to face challenges fearlessly taking inspirations from the Tagore's words: -“Where the mind is without fear and the head is held high: Where knowledge is free Where the world has not been broken up into fragments by narrow domestic walls into the heaven of freedom, my father let my country awake.”

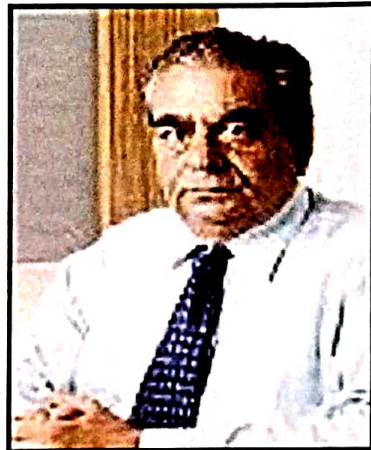

Shri Rakesh Singh
Incharge Trustee

FROM THE DESK OF DIRECTOR

Dr. P. N. Chavda

It's been nine glowing years of contributing to the society with an effort of making effective teachers. We have plans and dreams in the years to come. The college has achieved many feats and climbed new heights in this past years. Our annual report provides us with an excellent opportunity to reflect on a year now past. It allows us to give a clear sense of where we stand as we set goals and move into the future.

We have the vision of making our student teacher globally ready for national as well as international boards. Ever since the commencement of the college, we are giving greater emphasis on the practical aspect of the B.Ed curriculum. At the same time, we are determining in providing elevated learning experiences and also societal sensitivity to our student-teachers. With this view our college have enrolled with the Department of Life Long Learning and Extension (DLLE), where our student-teachers participate in the extension activities.

To match our vision and mission, all activities are encouraged by the management and we are geared up to welcome the new academic year 2017-18.

Dr. P. N. Chavda
Director

FROM THE DESK OF I/C PRINCIPAL

Mrs. Megha Gokhe

“We strive for excellence in everything we do. We provide a learning environment that allows every student to thrive as an individual. As students grow more autonomous their pursuit of excellence involves the self-organisation, self-regulation and ongoing adaptation of a complex system comprising the learners and their chosen courses, their teachers, their peers and the environment. The process of development becomes more interactive. Intensity and continuity of effort is important in talent development for our students to maximise their potential at schools and colleges.”

We aim for excellence in all that we do. We have arranged numerous opportunities in the year 2016-17 for our student teachers to have exposure in all dimensions to achieve effectiveness as a budding Teacher.

I Extent my heartfelt gratitude to Shri Rakesh Singh, Dr. P.N Chavda, and our august Trustees for their support, guidance and Contribution always.

This report celebrates the activities accomplished over the last year. I wish that every Teacher Trainee from TSCER may experience an empowerment to lead the future of school students from darkness of hatred, corruption and despair to the light of love, truth and hope.

Mrs. Megha Gokhe
I/C Principal

LESSON PLANNING WORKSHOP

An effective lesson plan includes several elements: learning objectives, quality questions, supplies and activities. It is important to have the learning objectives in mind because those should drive the development and implementation of all activities in the classroom. Quality questions are inquiries that the teacher plans to direct at the students over the course of the lesson. Sometimes these questions are rhetorical in nature, but more often they are designed to help the student think at a higher level than simple memorization and comprehension.

Listing the supplies needed is helpful for teacher preparation for the class, as sometimes the supplies may be beyond what the teacher has on hand. With technology becoming increasingly popular in the classroom, many lessons require tablet computers, cameras and other devices that the teacher needs to arrange ahead of time.

Finally, activities round out the lesson plan. It is important to come up with a plan for assessment to determine whether the class has met its targets.

To ensure our future teachers were able to include all these elements into our lessons there was a workshop conducted from 25th July 2016 to 27th July 2016.

The list of the same is as follows

Topic	Topic
Orientation	Dr. P N Chavda

The college has enrolled in the extension work activity with the Department of Lifelong Learning and Extension (DLLE). Twenty-one student-teachers of 2016-17 batch participated in the Survey of Women's Status (SWS) project. Dr. Sujata Dhopte was the Field Coordinator, Ms. Anju Chaplot was the extension teacher and Tanvi Parmar was the Student Manager. All the students successfully completed the SWS project Activities. In the Annual Extension Work Festival “Udaan - the flight of Extension” organized by DLLE the college participated in street play and poster-making competition.

COMMUNITY OUTREACH ACTIVITY

Students who participate in high-quality community-based service-learning enjoy a number of benefits, both in their personal and professional life, Another benefit of service-learning is that young people are far more likely to remain engaged when they can see that their participation is effecting change. This helps them to realize that they are able to make useful contributions to society through service and social action.

To achieve this objective we organised community service activity during 17th October to 21st October, 2016.

Following is the Name list of the community centres visited:

Details of Community Service & Literacy Awareness (2016 - 2017)

Co curricular Activities

ALUMNI ASSOCIATION

Alumni Association is actively functioning in our college, we invite our alumni students to judge various competitions, our old students shared their experiences and interacted with new students. Involvement of students gives opportunity to the ex students to stay connected with the institution.

INTERNSHIP PROGRAMME

Teacher education is one of the important branches of education because the development of our future generation depends on the quality of teachers. An internship is a unique educational program that aims to integrate study with planned and performance related experience. The major purpose of the Internship program is to develop and strengthen student's skills and to prepare them for the profession. Hence, it can be said that it provides the student with a greater understanding of professional demands and qualification. It permits them to understand the connection between theory and practice, thus it enhances the student's knowledge of his potential. For the course of this internship programme students were sent to various schools and colleges for a period of ten weeks that was spread throughout the two year B.Ed programme.

Teaching practice is an essential component of the B.Ed program. Students are sent to various standard schools as a part of their curriculum to gain teaching practice. The Intensive Teaching Practice for F.Y Students, Second Term 4 weeks, For S.Y Students, Third Term 55 Days and in Fourth Term 6 weeks was organised. The students were distributed among different neighbourhood schools. They were thoroughly supervised both by the college faculty & the teacher of the schools concerned. We take this opportunity to thank all the practice teaching schools for giving this opportunity. They did their practice teaching to the utmost satisfaction of the concerned authorities.

PARTICIPATION IN COMPETITIONS:

Besides curriculum we motivate the students to take part in various competitions and Cultural activities. We give priority to the students to hone their skills in areas of their interest. Our management extends all kind of support to bring into light the unique skills of our students. The certificates and prizes won by the students for proficiency in extracurricular activities show the quality education we offer.

Participation in inter-college competitions provides budding teachers an opportunity to explore and develop their talents, feel confident and strengthened. These activities are important for pupil-teachers to get an exposure and inculcate competitive spirit as well as build up emotional and mental abilities. We at TSCER encourage our students to participate in inter-college competitions. We also gave our students opportunities to showcase their talents as well as broaden their horizon by encouraging them to attend various programmes.

Annual Seminar – Nurturing One's Self : The World within Us

In view of the necessity to infuse the 'Understanding the self' within teacher education Program, Thakur Shyamnarayan College of Education and Research (TSCER), organized a two day Seminar on 'Nurturing one's self – The world within us', held on the 30th and 31st March, 2017. The five sessions of the seminar were:

- Formation of one's self
- Harmony and peace with us
- Challenging stereotypes for evolving self
- Workshop on skills for developing one's self
- Enhancing one's reflective practices.

The first session of the seminar was Formation of one's self taken by Ms. Janki Mehta. She started her session by explaining that nurturing one's self is started from the womb only as the emotions are passed from the mother to child. Ms. Janki mam spoke about nurturing one's own self by nurturing our own mind. She also spoke about the power of mind i.e the vital foss inside the mind and the body is functioning through the mind. She emphasized on enhancing one's own self – physically, mentally and spiritually. She summed up saying – feel good about yourself, change the way you are doing and learn to question yourself.

Session two of the first day was on Harmony and peace within us which was taken by Dr. Gauri Hardikar. It was an interactive session with activities based on mindfulness. She talked about constant fight between brain and heart which is going inside within us. She stressed that if we want to be in harmony we need friendship between heart and brain and for this we require Mindfulness. Mindfulness is knowing your present state of mind. She explained that for mindfulness we need to be in present situation, pay attention and be non-judgemental. She summed up with healing circle activity – sending happiness to each other

The last session of day one was on Challenging Stereotypes for evolving self-taken by Dr. Ved Thappar. He talked about meaning of Stereotypes and Prejudices. He focussed on the various types of stereotypes like Gender, Class, Caste, Race, Region, Language, Religion, Disability. He also emphasized on the need to analyze the Role of Home, School and Media in influencing Stereotypes and Prejudices.

The second day of the seminar began with prayer followed by workshop on skills for Developing One's Self which was taken by Dr. Geeta Shetty. Dr. Shetty started her session with asking what is self? She highlighted the skills to enhance one's self to know one self and to develop one self. The session was full of activities to make the concepts clear like logo therapy and emotion therapy. She also introduced two important aspects neuroplasticity and neurogenesis. Neuroplasticity is adjusting to a new situation and neurogenesis is generating new neurons. She also spoke about amygdala hijack, models of managing emotions and cognitive model. She also brought into light neuro-linguistic programming in which we learn growth takes patience and persistence.

Second session of the day two was on Enhancing One's Reflective Practices which was taken by Dr. Sybil Thomas. She started her session with reflection about ourselves. She has conducted various activities where she made us reflect on our own actions. She highlighted on reflective thinking and reflective practices. She stresses that reflection provides an active and structured way of thinking and of facilitating professional development. There is no one way of doing things – critical analysis of everyday working practices helps to improve competence and promote professional development.

During the course of the seminar there was knowledge imparted on the importance of feeling good about yourself, change the way you are doing and learn to question yourself. There was a healing circle activity – sending happiness to each other, as well as skills to enhance one's self to know one self and to develop one self. There was light shed on neuro-linguistic programming in which one learns growth takes patience and preserverence.
