ANNUAL REPORT

(2008-09)

With a great enthusiasm academic year **2008-09** began on a high note on 15th July 2008. This year the students were welcomed with a Question Bank for their respective subjects so that they could master their content before they were ready to go to schools for practice teaching.

The Principal, Dr. P. N. Chavda, oriented the students to the B.Ed programme and the expectations and requirements it calls for.

Our College provided Study Material and Stationary to the Students

- Ⓢ Syllabus of the B.Ed. Course

- Ⓢ Monthly Planner
- Ⓢ Folders & Files with Observation Schedules and Lesson Plans
- Ⓢ Permission Letter & TimeTable for Practice Teaching Schools
- Ⓢ Roll up Board, Chalk Box, Pointer and Duster
- Ⓢ Evaluation Workshop Book
- Ⓢ Hand Book
- Ⓢ Internship Book
- Ⓢ Book of Scientific Approach in History Teaching

Computer Assisted Instruction

Today we are part of the global village and the role of the teachers today is to prepare future global citizens. To provide hands on experience to our students on the use of Computer technology for teaching learning process, they were made to come up with **Power Point Presentations** on topics from subjects like Maths, Science, Economics, History and Geography. They even

used these for their teaching learning, bringing a technical and modern touch to their lessons.

We trained them with Computer Assisted Instruction (CAI). Our Student-teachers prepared 200 powerpoint presentations in their both respective methods.

Our Faculty Members Conducted Workshops on Following Topics-

- Stress Management
- Maxims of Teaching
- Time Management
- Skill of Listening
- Methods of Teaching
- Co-curricular activities
- Correlation
- Book Review

Looking at the role of the students as future teachers, they were also given opportunities to sharpen their practical skills through –

- **Microteaching: (9th to 22nd August)**

The micro teaching workshop was flagged off in the month of August 2008. The student teachers were initiated into the origin , need and significance of conducting micro-teaching , prior to the actual start of their practice lessons .

Each skill had a **teach**, **reteach** and a **feedback** session. The skill was to be taught for 5 minutes.

Orientation of different skills and the model lessons on the same were conducted by our staff members:

1. Skill of Questioning :
2. Skill of Explanation
3. Skill of Set induction
4. Skill of using chalk board

DEMONSTRATION LESSONS

To guide the students into right procedures to conducting a lesson, demonstration lessons on various subjects were conducted in Thakur Vidya Mandir:

English- The Merchant of Venice

Hindi- Sawal

Science- Magnetisim

History- Coronation of Shivaji Maharaj

Mathematics- Banking

Geography- Oceans

Economics

Simulated Lessons

Students were oriented to bridge lessons or simulated lessons of 15 minutes duration each. The simulated lessons included various techniques that were put forth to the students.

One **Integrated lesson** in one method was to be given by students. The main focus in this lesson was to enable student teachers to blend the skills that were induced through microteaching.

Our Staff members oriented the students to the Simulated lessons like CAM, Role Play, Gaming and Constructivism. Demonstrations of model lessons were provided by each staff member in their respective methods.

- **Lesson Planning Workshop (25th to 28th August)**
- **Practice Lessons** conducted in reputed schools. We have permission of 51 Practice teaching schools. We have successfully completed our Practice Teaching Lessons in 22 schools.

Instructions are inevitably the most important feature of any teaching learning process and what makes them effective is the use of appropriate instructional materials. As part of their curriculum the B.Ed students made a whole range of innovative **Teaching Aids** that included models, working as well as static, charts, board games, and language games.

The B.Ed students were asked to prepare Teaching-Aid in one of their method.

Student Council Elections – 7th October,2006

The Student Council has an important role to play for both students and the teachers by providing a link between the two. The voting for the student council was carried out through secret ballot, after which the counting of the votes was carried out in the lecture hall in front of the students.

A total of **ten members** were chosen to represent the students on the basis of the votes that each candidate gained.
