**Thakur Shyamnarayan College of Education
& Research**

The whole Teacher Education programme is a cooperative effort between different schools, Junior colleges and B.Ed college with their students and staff and their continuous interactions. We have shown our readiness to school community to conduct various programmes as per their requirements through which we can throw light on innovations that have taken place and its application in today's school education.

Thakur Shyamanaryan College of Education and Research is happy to put forward the account of its activities and third Annual Report. We have taken efforts to present it in such a way that any layman can understand the activities undertaken by the college. It also showcases how students are exposed to the different aspects of school life. It pictures the various programmes carried out throughout the year for professional growth of our student teachers & teacher educators.

TEACHING AIDS

Teaching aids makes the teaching-learning process more effective and interesting. As part of their curriculum the student-teachers made a whole range of innovative **Teaching Aids** that included models, working as well as static, charts, board games, and language games.

The student-teachers were asked to prepare Teaching-Aid in both their methods.

COMPUTER ASSISTED INSTRUCTION

Today we are part of the global village and the role of the teachers today is to prepare future global citizens. To provide hands on experience to our student-teachers on the use of Computer technology for teaching learning process, they were made to come up with **Power Point Presentations** on topics from subjects like Mathematics, Science, Economics, History and Geography. They even used these for their teaching learning, bringing a technical and modern touch to their lessons.

We trained them with Computer Assisted Instruction (CAI). Our Student-teachers prepared 200 powerpoint presentations in their both respective methods including Computer Assisted Instruction and Computer Assisted Learning.

We also oriented our student-teachers on how to use various e-learning tools and CAM studio to help them to prepare their Computer Assisted Instruction and Computer Assisted Learning presentations.

GUARDIANSHIP

This is a novel concept introduced in our college. Our staff have within themselves divided all the 100 student-teachers & they look after all of the student-teachers' confusion and clarification – viz Academic, personal, vocational and like.

Each teacher has about 12 to 15 wards under her. Guardianship Sessions have proved to be a great help to student-teachers.

RESEARCH PROJECT

Research based project work has been introduced to make would be teachers aware of the procedure of conducting the research and our student teachers have been given the opportunity to conduct action research on the classroom related issues. It may be related to content of syllabus, teachers' issues, methodology of teaching subject and student related problematic situations.

The student-teachers have chosen one such issue as per their interest and they were guided by guardian professors to carry out the action research. In all, 100 action research projects concerning various issues were conducted and submitted in this academic year.

THE COLLEGE LIBRARY

The library of Thakur college of Education is treasure house of knowledge. It has a good collection of books, encyclopedias, magazines, Reference books, C.Ds, along with Daily News Papers.

Throughout the year efforts were done to make the library richer and up-to-date. At the beginning of the B.Ed 2010-11 sessions, we had about 4129 books and currently we have 4260 books in our library. The library currently subscribes to about 33 magazines and 8 newspapers in various languages. [Detailed List of titles is attached in Appendix B]

The student-teachers have actively used the Library for their knowledge enrichment and reference. We provide them easy accessibility to variety of books which are useful for them for practice teaching, daily experiences, academic references, etc. The Librarian provides health learning environment and guided approach to quench their thirst for learning. He also takes initiatives to orient student-teachers in group of twenty to increase the utility of library.

Our Librarian Mr. S.P Wankhede and Mr. V Sharma have helped our student-teachers at each step in optimum utilization of resources available in the library.
